

## Call in information:

Call hospital: introduce your self: "in route to your facility with a..."

Age:	Gender:	Coming from:	Chief complaint:
------	---------	--------------	------------------

General impression: "upon arrival patient was" (State Position, AVPU, as well as other pertinent information: "patient was conscious, alert, oriented X...")

O	p	Q	R	S	T
S	A	M	P	L	E

**Initial Vitals: \* Include Rate and Quality!!!**

P	Resp:	B/P	LS	Cap Refill	Pupils	Skin
---	-------	-----	----	------------	--------	------

EX: "placed patient on high flow O2, 15 liters per minute Via Non-rebreather mask and placed them in a position of comfort"

How are they now? State re-assessed vitals, new quality, radiation, and severity as well as anything else that has changed or you feel is important. "vitals are now (state vitals) patient now states (how do they feel?)"

"With out any questions or comments we will be at your facility in approximately (ETA)"
